

Soul Tree Personal Impact

200-hour Trauma-Informed YTT Scholarship

Soul Tree Yoga has \$2900 of award money to give for a Personal Impact scholarship recipient towards the full 200-hour training (\$2900) as well as an additional \$150 to go towards the required reading materials and yoga props (if needed).

Through the Soul Tree Personal Impact 200-hour Trauma-Informed YTT Scholarship, a selected person who has been deeply impacted by the current pandemic can learn how to teach the ancient practice of Yoga in a trauma-informed style to encourage a more healing and embodied approach to every day challenges that can get in the way of living life fully. The skills and tools learned from this training will be beneficial to both the teacher and students. Healing from trauma happens in community and through an embodied approach. Yoga is a pathway to healing trauma. We believe the best way to honor our those impacted by the pandemic is by encouraging them to honor themselves and we hope to achieve that through our unique 200hr Yoga Teacher Training.

The following questions will help us determine how we can best support you in training:

1. Briefly explain how this pandemic has impacted you.
2. Do you have access to a computer and email?
3. Do you speak/read/write English?

***Please choose one of the questions below and in 500 words or less why you should be considered for the scholarship.

1. Please define service and the role it plays in your life, or the role you would like it to play in your life.
2. Please give an example of a time when you have been of service and how that experience has affected you.
3. Please choose one target group to which you would like to offer yoga teaching. Who would this group be, and why? How would you go about creating the opportunity? What would be the intention of this service?
